## Self-appraisal/Objectives

Honest and reliable, autodidact, hungry for learning and able to adapt to changes. Passionate about IT technologies means always up-to-date with new trends. Great knowledge of all IT technologies and systems, including Mac, PC and UNIX/Linux. I am looking forward to working in a dynamic high-tech environment which will make best use of my management and IT skills.

## Education:

### Rochebelle Professional Formation Center

1997 - 1999

DEP in Graphic Design. Studied and practiced pre-print design work as well as web design, including Internship experience for a web design company.

## Experience:

### Shanghai United International School

2004 - 2009

Currently the IT coordinator/manager for a primary school in Shanghai. My tasks include managing the IT infrastructure in the school and administrating the school's web server which provides e-mail, FTP and the various web interfaces. This includes a Learning Management System and various file servers. I also recently supervised and contributed to the development of a custom built, web-based database of students. On top of that, I provide PC technical support to teachers, as well as teaching I.C.T. to primary school students.

### Freelancer

2003 - 2004

Web/Print design freelancing, as well as teaching English for several schools.

### Propage Technologies Interactives

1999 - 2002

Full-time web designer, programmer and webmaster. Used technologies such as HTML, PHP, ASP, as well as programs like Dreamweaver, Flash and much more.

### Freelancer

1997 - 1999

Freelancing for various web design projects

## Achievements:

- Entirely built or highly contributed to the making of the following websites (some of these may now have been re-designed or removed at viewing time):

<http://suis.com.cn>

<http://www.photojournaliste.ca/>

<http://www.wonderful-earth.com>

<http://www.valleeinc.com/>

<http://suis.com.cn/lms/>

<http://cinemasguzzo.com>

<http://www.novabus.com>

<http://www.econoplastik.com>

- Setting up and maintenance of several IT systems for a private, primary school in Shanghai, including: *e-mail, LMS (moodle), library systems (koha/access-it), File servers, FTP, ICT lab running Ubuntu Linux, and more!*
- Developed several on-line lesson planning applications using PHP/MySQL
